

Dockers in healthy state

HEALTH fund HBF has signed on as official health provider to the Fremantle Dockers.

The three-year sponsorship deal will make HBF the exclusive health fund sponsor of the team.

HBF managing director Rob Bransby said the health fund had agreed to sponsor the team until the end of 2013.

“As a passionately West Australian member-based organisation, we feel we have a lot in common with the Dockers,” he said.

“We are serious about promoting physical activity and you can’t get better role models for that than WA’s top footballers.”
