

Ready and set to go

Children at City Beach Primary School have a series of running goals.

Their school competed in an interschool cross-country competition in third term and students will continue training into early 2012, for the HBF Run for a Reason.

"It was important to have an interschool event to provide a goal in the students' training for their own school athletics and for general fit-

ness," said Louise Smith, the school's physical education teacher.

The school won sporting equipment valued at \$1000 and an individual \$250 Sports Fever voucher for registering for the run.

City Beach primary has a history of fun run successes, having won an interactive whiteboard as the champion school in a City to Surf Fun Run. The award was for having the most participants based on school popu-

lation.

The HBF Run for a Reason is on Sunday, May 27, and the students will be running for many different reasons, including fitness and to raise money for charity.

Schools who are interested in joining the interschool cross country next year should contact City Beach primary.

Physical education teacher Louise Smith and some of the Year 4 and 5 boys are in training for next year's Run for a Reason.
