HBF Limited Surgical Items List for Providers

As at 9th May 2021

This document provides a guide for Providers only to assist with identification of items that may be on the HBF Limited Surgical Items List (HBFL List). This document is subject to change and is current only as at the date of publication. HBF members should be referred to HBF to obtain a quote for any proposed treatment.

Item numbers on the HBFL List are excluded from WA medical gap arrangements and are subject to change. Items listed on the HBFL List including any associated services provided by an anaesthetist will only ever attract benefits up to the MBS scheduled fee and may result in significant out of pocket costs for a HBF member.
